

ON-TIME GRADUATION RATES

To calculate on-time graduation rates, TTUHSC students are assigned to expected graduation cohorts based on the first academic period for which a student enrolls in credit hours toward a degree program. For purposes of comparison at an institutional level, students are expected to graduate within a specified number of years based on the level of degree sought.

Students seeking undergraduate degrees are expected to graduate within 8 years of matriculation at TTUHSC following the IPEDS Outcomes Measures Survey metric.

Students seeking master's degrees are expected to graduate within 5 years of matriculation at TTUHSC.

Students seeking doctoral and/or professional degrees are expected to graduate within 10 years of matriculation at TTUHSC.

The overall TTUHSC on-time graduation rate for the 2023 Expected Graduated Cohort (EGC) was 91.1%. This is a 1-point increase from 90.1% in 2022.
