

# Master of Science in Clinical Rehabilitation Counseling

## 2021-2022 Annual Report

The Council for Accreditation of Counseling and Related Educational Programs (CACREP) requires that programs make certain information publicly available each year.

This report was generated using data and information from Fall 2021, Spring 2022, and Summer 2022. MSCR is an abbreviation for “Master of Science in Rehabilitation Counseling”. Employment rate indicates the proportion of graduates who are employed within 90 days of graduation and has reported this information back to the MSCR program. The credentialing exam pass rate indicates the proportion of graduates who took and passed a counseling licensure or certification exam during the prior preceding academic year and reported back to the MSCR program.

### **Past Year Student Data:**

Currently enrolled in MSCR: 61  
Graduates in 2021-2022: 10  
Program Completion/Retention Rate: 100%  
Employment Rate: 80%  
Credentialing Exam Pass Rate: 83%

### **Sources of Data**

Student performance on final internship ratings from instructors and site supervisors.  
Admissions, enrollment, and graduation data from 2021-2022 academic year.  
Systematic follow-up surveys of graduates regarding employment.  
Professional Disposition Evaluations (PDE) implemented annually, as well as within clinical courses.  
Self-report of successfully passing certification/licensure exam(s)

### **Program Objectives & Major Program Activities**

A significant accomplishment for the HSCOR program is 52% of graduates Tc 0 Tw 14.35 0 -1.6
