

Don't Lose Your TTUHSC Data!

Store It Properly

In case of an accident, a lockout, network shutdown, or cyberattack, data kept on approved TTUHSC IT networked storage systems is securely backed up and recoverable.

.8 (T)-3 .8 (T)-398.5 77 44.04 485.8.1

Institutional Data Storage System (IDSS: departmental shares, or "z-drive")

Data saved to a departmental share is stored in the university data center where it gets regular backups, both on site and at remote recovery sites in case of any system attacks or failures.

TTUHSC Box accounts

Data saved to Box is kept in the cloud on a platform that has met strict, State of Texas cyber -security standards for cloud vendors.
