SGA Resolution
Support for Student-Run Phonathon

Whereas, the HSC Student Endowment Scholarship Fund was originated by the Student Senate, with the help of the Alumni, in 1991,

Whereas, the HSC Student Senate has raised money to contribute to the endowment fund for student scholarships by having an annual phonathon,

Whereas, the phonathon's purpose is not only to raise money to add to the endowment scholarship fund, but to continue communication with the alumni of TTUHSC and network with professionals working in each respective health profession,

Therefore, be it resolved that the TTUHSC Student Senate should continue to organize and run the Phonathon to continue to raise money for student scholarships.
